

Reopening July 22, Beach Enclave Turks & Caicos Introduces Exclusive Jet-to-Villa Service and Two Welcome Back Offers

Leading luxury villa resort brand welcomes guests back to the Caribbean this summer in comfort, safety and style

PROVIDENCIALES, TURKS & CAICOS (June 11, 2020) — Following the announcement that Turks & Caicos Islands will reopen its borders to international travelers beginning July 22, [Beach Enclave Turks & Caicos](#) has opened reservations for its luxurious private villas at **Beach Enclave Long Bay** and **Beach Enclave North Shore**. For those wishing to be among the first few to return to this idyllic paradise, two new limited-time offers are now available for villas at both properties: **Get Back to Getaways**, offering a 20 percent discount on nightly published rates; and **Linger Longer**, providing credits of up to \$3,000 towards luxury services based on the length of stay.

As one of the premier luxury villa resort brands and operators in the Caribbean, Beach Enclave has always exceeded the highest industry standards for hygiene and cleanliness. In preparation for the upcoming reopening, the team has further raised the bar with enhanced housekeeping practices, including washing all bed linens and towels daily and disinfecting all hard surfaces with EPA-certified, eco-friendly products. Hand sanitizer, face masks and latex gloves will also be provided to all guests.

“While we are eager to reopen our doors and welcome back guests, we recognize that health and safety concerns continue to be top of mind,” said Beach Enclave Founder and CEO Vasco Borges. “Our guests can be assured that we have taken the utmost care to safeguard their wellbeing. Further, our unique positioning as a villa-resort naturally encourages social distancing.”

Guests of Beach Enclave Long Bay and Beach Enclave North Shore can enjoy the space and seclusion of their own private villa sanctuary, without compromising on personal service. Each villa is attended to by one dedicated butler, who anticipates guests' needs from the start of their stay to the finish, thereby increasing guests' privacy and minimizing unnecessary contact.

For those arriving by private jet, Beach Enclave is the only Turks & Caicos property that has clearance for guests to be greeted on the tarmac by their personal butler and car. As immigrations and customs are done from the comfort of the plane, guests are whisked away from jet to villa with total privacy, security and convenience, and this exclusive door-to-door service is fully complimentary.

"Our team has worked diligently, having heard from so many of our residents and guests on how eager they are to return to Turks & Caicos. We have been humbled by the outpouring of support and words of encouragement that we have received during this challenging time," continued Borges.

"Although the travel industry was one of the hardest hit, travel also has the ability to heal, not only our guests seeking strength and renewal but also our employees, their families and our local community, who so greatly depend on tourism for their livelihood. As a small token of our appreciation for choosing Beach Enclave and trusting us with their stay, we have introduced two new special offers to say thank you to our guests."

Ideal for a family getaway, multi-generational gathering or romantic escape, the **Get Back to Getaways** offer features **20 percent off published nightly rates** on all private villas.

Catering to extended stays, the **Linger Longer** offer provides luxurious service **credits of up to \$3,000**. Guests receive a \$1,000 private chef credit for a four-night stay; a \$2,000 private chef credit for a seven-night stay; or all of the following for stays of 10 nights or longer: a \$2,000 private chef credit; a \$500 spa credit; and a \$500 jet ski rental credit.
