Exclusive private villa rentals with resort style services in Turks & Caicos

Beach Enclave Residences launch their first of three oceanfront properties in the beautiful Providenciales, Turks & Caicos. The brand has introduced a new concept, which cleverly merges the convenience, services and amenities of a luxury resort with the privacy and space of a villa. The premiere development, Beach Enclave North Shore debuted in November 2016, and offers nine ultra luxury beach front, or ocean view villas on 10 acres of prime coastline.

Conceived for the most sophisticated and discerning travelers, each villa on Beach Enclave North features over 6,000 square feet of indoor and outdoor living space, with four and five bedroom options, infinity edge pools, built-in outdoor BBQ area, outdoor showers, and spectacular outdoor living spaces. The design duo, SWA Architects and Domino Creative Interior Designers have created an effortlessly elegant décor inspired by the idea of open-air Caribbean living. Cedar shingles and native stone of the exteriors are reinterpreted as greyed wood and creamy

white floors inside the villas.

To complement the superior accommodations, Beach Enclave North Shore provides the ultimate in service and amenities with access to a dedicated butler/maid, private chef services, and yoga sessions. Concierge service is also available for arranging spa treatments, grocery stocking, airport transportation, dining reservations, as well as access to the property's oceanfront, fully equipped fitness room and yoga terraces. Beach amenities are also available to guests and include the set-up of loungers and umbrellas, delivery of towels and water and the use of kayaks and snorkel equipment to explore the nearby coral reef. Guests can also arrange for activities such as kite surfing lessons and private boating excursions.

Beach Enclave Residences will expand its presence on the island with the debut

of Beach Enclave Long Bay. Construction of the property's five luxury villas began in November 2016, and will debut in late 2017. An additional property, Beach Enclave Grace Bay is launching sales this winter, with just a few villas left for sale, following a Friends and Family release earlier in the year. Construction is scheduled to start mid 2107.

Owners of Beach Enclave Residences have the benefit of discrete and professional year-round property maintenance, landscaping, pool and beach cleaning, and waste removal, and can exercise the option to participate in the Beach Enclave rental program that is tailor-made to their needs, and offered at the owners discretion.

Beach Enclave North Shore villa rentals start at \$2,500 plus tax per night for a four-bedroom villa and \$4,000 plus tax per night for a five-bedroom villa.
