## Beach Enclave Long Bay's New Luxury Villas in Turks & Caicos

By **Michelle Marie Arean** - September 25, 2018

Views of the Beach Enclave Long Bay.

**Beach Enclave** launches its second phase, **Beach Enclave Long Bay**, which offers three new villa rental opportunities in Turks and Caicos starting this November.

On the island of Providenciales, the new *Long Bay Villas* offers guests five custom-designed luxury properties located at the East end of the bay, including the three, new, soon-to-open *Beach Enclave Long Bay Villas*. The property offers two villa designs with over 7,500 sq. ft. of indoor and outdoor space with 5-, 6-, and 7-bedroom homes. The two larger villas feature five bedrooms in the main house, each with a separate Garden Cottage featuring a 1- and 2-bedroom suite respectively. All three villas feature an outdoor kitchen, an infinity pool, a fire pit, and a beach deck with an outdoor shower. The smaller villa features a media room. Villas include

housekeeping, a private chef and butler, who can serve as a personal concierge with requests made from an iPad or arranged in advance such as a fridge full of meal options, a personal training session at the fitness center, a yoga lesson on the Yoga Deck, or paddle boards for the kids.

Long Bay offers guests kiteboarding, and has partnered with Kite Provo, which provides guests with a Bluetooth-equipped helmet that allows them to learn while in the water as they listen to the instructor speaking to them from the shoreline. Kite Provo also offers guided stand-up paddle board mangrove tours.

In addition, **Beach Enclave Grace Bay**, which will offer 10 villas, broke ground this past February and will open for rentals in 2019.

Rates start at \$4,400 based on 10 guests sharing for a minimum of three nights. For more information, visit [beachenclave.com](http://beachenclave.com). For more on luxury travel in the Caribbean, don't miss "Trending Now in Luxury Travel in the Caribbean."
